

**FORT WORTH MUSEUM**  
SCIENCE AND HISTORY

FOR IMMEDIATE RELEASE  
January 23, 2017

## ***Dream Big Celebrates STEM and the Human Spirit for National Engineers Week Film Premieres February 17 at the Omni Theater, an IMAX® Dome***

**Fort Worth, TX** – Around the world, the most basic of human needs go unmet. Clean water. Sustainable food supplies. Reliable shelter and infrastructure. Every day, engineers answer the call to build a better future. [\*Dream Big: Engineering our World\*](#), opening February 17 at the Fort Worth Museum of Science and History's Omni Theater, an IMAX® Dome, tells the stories of engineers such as these. Innovative thinkers who are transforming the world because they dared to dream big. They are driven by a passion to make a difference in our world.

From the world's tallest buildings, to underwater robots, to a solar car race across the Australian Outback, *Dream Big* celebrates the human ingenuity behind engineering marvels big and small, and shows how engineers push the limits of innovation in unexpected ways.

The *Dream Big* premiere launches this year's [Engineers Week](#) at the Fort Worth Museum of Science and History, February 21 to February 25. During Engineers Week, the Museum will be filled with STEM-based activities and festivities designed to explore the field of engineering. Here students will discover how professional engineers turn ideas into reality while doing their own problem-solving. Young women interested in pursuing a career in engineering will meet mentors and learn about future options during Girls and Engineering Day on Saturday, February 25.

*Dream Big* and Engineers Week bring STEM-based learning opportunities to our community through programs and activities that shatter the stereotype of engineering and teach that anyone with a vision and passion can succeed in STEM fields.

Today's young dreamers will engineer tomorrow's future - what better time to start dreaming BIG?

Omni Theater, an IMAX® Dome, showtimes vary. See our [calendar](#) for show times on the day of your visit. Purchase tickets in advance [online](#), or by calling 817-255-9540.

Adult \$8 | Junior (2-18) \$7 | Senior (65+) \$7  
Members Adult \$5 | Junior (2-18) \$4 | Senior (65+) \$4

*Dream Big is a MacGillivray Freeman film in partnership with American Society of Engineers, presented by Bechtel Corporation. Generous support for Dream Big provided by The Bank of Texas. Engineers Week is sponsored locally by IBM, Lockheed Martin and Mouser Electronics.*

About the Fort Worth Museum of Science and History

*The Museum was established in 1941 and is accredited by the American Alliance of Museums. Anchored by its rich collections, the Museum is dedicated to lifelong learning. It engages guests through creative, vibrant programs and exhibits interpreting science and the history of Texas and the Southwest. The Museum is open daily, except Thanksgiving, Christmas Eve and Christmas Day. Visit [www.fortworthmuseum.org](http://www.fortworthmuseum.org) for more.*
