

GREAT AMERICAN ECLIPSE

CHECK OUT OUR GREAT AMERICAN ECLIPSE GEOFILTER ON SNAPCHAT!

AUGUST 21 | 11am-1:30pm

All indoor eclipse events are included with Exhibit Admission

Eclipse Live Stream | 11:40 AM - 12:30 PM | Omni Theater

Join Dr. Morgan Rehnberg, Director of Scientific Presentation for a talk about the eclipse and watch a live stream from totality in the Omni Theater.

If the Omni Theater fills for the live stream event, the Noble Planetarium and Innovation Studios will house overflow guests.

Countdown to Totality | 10 - 11 AM and 1 - 5 PM | Noble Planetarium

Catch the *Countdown to Totality* show every 20 minutes in the Planetarium.

Hands-On Eclipse Activities | 11 AM - 1:30 PM | Innovation Studios

Enjoy hands-on activities in the Innovation Studios.

Create your own pocket Solar System to understand our place in space • Make your own pinhole eclipse viewer • Model how a solar eclipse works • Design your own eclipse chalk art • Use the Sun's rays to create color and interesting prints • Activities offered on a rotating basis

Eclipse Telescope Viewing | 11 - 11:30 AM and 12:30 - 1:30 PM | Outdoors

Watch the eclipse through viewing glasses or through solar telescopes with local amateur astronomers and members of the Fort Worth Astronomical Society. Borrow a pair of glasses on-site for viewing!

Dancing Along the Path: Join others across the nation! Capture a short video (less than one min) of yourself, or you with others, doing an original dance inspired by the eclipse. Share your video with NASA on Instagram, Facebook and Twitter by using **#EclipseDance**. Don't forget to include a brief description with your image!
